EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jonathan P. Soifer on 01 December 2005.

The application has been amended as follows:

Claim 1, line 13, "without the use of glue" was changed to --without the use of adhesive.--

Claim 4 was cancelled

Claim 15, line 11, "without the use of glue" was changed to --without the use of adhesive.--

Claim 18, line 3, "heat or by chemically boding" was changed to --heat or by chemically bonding--

Allowable Subject Matter

Claims 1, 5, 8-19 are allowed.

The following is an examiner's statement of reasons for allowance:

No. US 2005/0229481 teach that it is known to make artificial mulch with a natural wood appearance out of shredded rubber tires; it is known to fabricate a mulch mat/carpet made out of shredded rubber; and that it is known to bond a base material with an artificial top mulch material.

However, the prior art of record all fails to show, and fails to make obvious, either alone and/or in combination a rubber base material that is flexible and porous; an artificial mulch made from shredded rubber tires bonded to the upper surface of the rubber base only along a lower portion of the artificial mulch-like material such that an upper portion of the artificial mulch-like material is exposed; and bonding is done without the use of adhesive.

Applicant's use of "Consisting of" language excludes any element, step, or ingredient not specified in the claim closing the claim to inclusion of materials other than those recited within the claim. All of the prior art references of record do not meet the "consisting of" requirement since they contain additional elements, steps, and ingredients than what applicant has set forth in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
